

City rooms are a rentable office space for functions, meetings, presentations and conferences. These very reasonably priced rooms are in a central location in Carlisle and the front door is a street away from many shops such as Debenhams located in the lanes shopping centre. There are also several Car Parks a short walk away and the building is surrounded by some high quality bistros and eateries.

Rooms are equipped with filtered lighting and have spacious windows providing stunning natural light. The building has ceiling fans for the summer months and is also central heated for the chilly season.

The space has a tea and coffee room with condiments, cutlery and refreshments provided. We also have excellent rates on providing buffets for any style of meeting.

The ground floor office has a raising platform into the city rooms providing perfect wheelchair and loading access.
